

MUNACHI SYLVANUS IHEANACHO

Benin City, Edo State, Nigeria |Phone:(+234)8100622292

Email: iheanachomunachi123@gmail.com | [GitHub](#) | [Netlify](#) | [LinkedIn](#)

PROFESSIONAL SUMMARY

Detail-oriented Data Scientist and AI Engineer with hands-on experience in data mining, cleaning, visualization, and machine learning. Proficient in Python, R, Excel and Power BI, with a proven ability to build predictive models and apply machine learning algorithms to extract insights, optimize business strategies, and support data-driven decision-making. Adept at transforming raw data into actionable intelligence while maintaining data integrity, confidentiality and analytical precision.

WORK EXPERIENCE

Simba Techub

Data Analyst / Data Scientist

2024 - Present

- Collected, engineered, and analyzed multi-domain datasets (finance, ESG, real estate, renewable energy) using Python (pandas, NumPy), ensuring data integrity and quality for advanced analytics and reporting.
- Built and automated interactive dashboards and NLP-driven visualizations using Streamlit, Netlify Power BI, and Plotly, integrating sentiment analysis, topic modeling (STM), and investor insights for decision support and stakeholder engagement.
- Developed, validated, and deployed predictive and machine learning models — including XGBoost, Random Forest, Logistic Regression, and ARIMA-GARCH frameworks — to forecast housing prices, energy performance, and financial indicators with high accuracy.
- Collaborated on full data science pipelines, combining web scraping (BeautifulSoup, Selenium), model explainability tools (LIME, SHAP), and Bayesian & econometric techniques to deliver interpretable, data-driven solutions and strategic foresight.

Junior Chamber International (JCI) Nigeria, South South / South East

Data Processor & Analyst, Directorate of Growth

2023 - 2024

- Designed, cleaned, and maintained structured databases to track membership growth, retention, and engagement trends across multiple chapters.
- Conducted data mining and statistical analysis to identify key drivers of growth, supporting evidenced-based recruitment and retention strategies.
- Built interactive dashboards and data visualizations in Power BI and Excel to communicate insights effectively during executive and regional review meetings.

Edna Emuakpeje & Company

2015 – 2016

Valuation Intern

- Assisted the valuation team in data collection, market survey analysis, and trend evaluation to support evidence-based asset valuation.
- Organized and analyzed structured and unstructured market data using spreadsheets for insights into property performance and pricing patterns.

Investment Analyst

2017 - 2023

- Performed feasibility and financial performance analysis on client portfolios using quantitative and statistical techniques.
- Applied data modeling and visualization tools (Excel, Power BI) to evaluate business performance, forecast returns, and identify investment opportunities.

Munachi IHEANACHO

- Produced analytical reports to guide portfolio diversification and risk assessment decisions based on data insights and market indicators.

National Youth Service Corps (NYSC) Teacher | Government Secondary School Yelwa Yauri, Kebbi State. **2016 – 2017**

ICT AND OTHER SKILLS

- | | |
|---|---|
| • Machine learning & Predictive Analytics (Python, Jupyter, Google Colab) | • Microsoft Office Suite |
| • Data Visualization & BI (Power BI, Streamlit, Plotly) | • Cloud & Collaboration Tools (Google Workspace, Teams, Zoom) |
| • Data Cleaning & Statistical Analysis (pandas, NumPy, scikit-learn, statsmodels) | • Analytical Thinking & Problem-Solving |
| • Database Management & SQL querying | • Communication & Data Storytelling |
| | • Leadership & Time Management |
| | • Stakeholder Engagement & Customer Insight |

EDUCATION QUALIFICATION

- | | |
|---|-------------|
| • M.Sc. Environmental Valuation and Mgt. Rivers State University, Port Harcourt | 2024 |
| • BSc. Estate Management Nnamdi Azikiwe University, Awka, Anambra State | 2015 |

TRAINING & CERTIFICATIONS

- | | |
|---|-------------|
| • Azure Data Scientist Associate (DP-100) | 2026 |
| • Data Science & Machine Learning – 3 Million Technical Talent Program (Cohort 3) | 2025 |
| • Advanced Digital Skills at ENDIP (Data Analysis and Cyber Security) | 2025 |
| • Summer Institute in Computational Social Science (SICSS – Calabar) – R-based | 2024 |
| • Introduction to Career Skills in Data Analytics - Microsoft & LinkedIn | 2024 |
| • Tools for Data Science - (IBM through Coursera) | 2023 |
| • Ask Questions to Make Data-Driven Decisions (Google through Coursera) | 2023 |
| • Foundations: Data, Data, Everywhere (Google through Coursera). | 2023 |
| • Python for Data Science, AI & Development (IBM through Coursera). | 2022 |
| • Statistics for Data Science with Python (IBM through Coursera) | 2022 |

LEADERSHIP AND VOLUNTEERING EXPERIENCE

- **President**, Sustainable Development Goal (Community Development Service, Yauri Chapter Kebbi State) during my national youth service year. **2017**
- **N-Power Volunteer**: I worked as a part-time support teacher at Hussey College, Warri, Nigeria, where I taught and graded students in Economics. **2020**

PORTFOLIO & PROJECT

Featured Project:

 [Valuation Sentiment Dashboard \(Streamlit App\)](#) – Sentiment analysis and NLP visualization for ESG and real estate valuation data.

Comprehensive Portfolio:

 [GitHub – Mhuna91](#)

(Includes projects on Machine Learning, Data Science, Econometrics, Web Scraping, and Real Estate Analytics.)

References – Available on request
